

Kidswise Consultancy Guidelines

Sandy is passionate about Children's Ministry. It is her firm conviction that we must not only faithfully teach children the Bible, but that the habits, methods and patterns of our Children's Ministry should be intentionally biblical also. Sandy wants to spend time helping others work out what the next step would be for them and so now offers a consultancy service as part of her Kidswise ministry.

PREPARATION

For both Sandy and others to benefit from their time together, a structured approach to these discussions is essential. This ensures that both parties can prepare properly, that the advice given is context specific and the outcomes are effective.

In order to prepare effectively, **main talking points** need to be listed on the consultation confirmation sheet. Talking points can be in the form of topics, questions or scenarios, and are to be prioritised to ensure the most important areas are covered first. If there are limitations specific to your context, please ensure these are included. If there is inadequate time to cover your talking points in your scheduled consultation, a new appointment can be scheduled.

It is advisable to take notes during the sessions. Sandy is happy for you to record the session for your personal use only.

Sandy is available for face-to face sessions (in her office at Rooty Hill), via Skype or over the phone. In special cases Sandy may be available for a longer consultation (e.g. to review papers, syllabuses...). Rates for this type of consultation will be dependent on the circumstances.

A consultation is to be booked at least two weeks in advance and is dependant on availability.

FEES

Fees associated with this service:

1st hour - \$100 (includes the cost of preparation for the consultancy)

2nd hour - \$50

A maximum of two hours is available for any one session. If you require further time after your initial 2 hours, every subsequent hour will be charged at \$50 and a new appointment will need to be scheduled.

To request an appointment, please fill in the attached form and return to Sandy's manager who will confirm your appointment within 2 weeks of receipt.

ABOUT SANDY

Sandy has been blessed by the ministry experience of others who have invested time in her. She has been the lead Children's Minister in her church for the past 24 years and has had first hand experience in a Kid's Ministry that has grown from a few children to a multi-service, multi-platform ministry. Sandy would love to help others in their specific situations to raise up the next generation to love Jesus and to live for him. Please get in touch to discuss how she can help you in your ministry for the glory of Christ.

"So far I have found, that for every question I have about Children's Ministry, Sandy not only has a theoretical answer, but she has also investigated the issue and tried the solution in her Church family! To give one example; when Sandy first encouraged me to think about children serving, I agreed with the hope but had no idea where to start. Sandy was able to talk me through the progression from Pre-schoolers loving their peers, to Primary Schoolers taking on practical roles, to teenagers being trained and coached in being leaders of younger children. We are now trying to implement this progression across our four congregations. Thank you Sandy!"

Ed Drew (Children's Minister Dundonald UK)
